Lord, as we gather from different parts of this state, we pause to look at our widely diverse people, our rich variety of resources, and our admitted differences in our needs and desires. We thank You for these differences which make this rich tapestry of our state and communities.

When we are thrilled by our differences, help us to be thankful for them. If we are scornful of those who are different from us, remind us of our common humanity under one God, and show us Your presence in those who differ most from us.

When we are angered by our differences, give us insight in dealing with our feelings as well as with others. But give us especially the spirit that enables us to meet the needs of all our people with all our vast differences. Amen.

On motion of Senator Mauzy and by unanimous consent, the reading of the Journal of the proceedings of yesterday was dispensed with and the Journal was approved.

LEAVE OF ABSENCE

Senator Leedom was granted leave of absence for today on account of important business on motion of Senator Sims.

REASON FOR VOTE

I voted "no" on H.J.R. 19 although I support the creation of a dedicated construction fund to meet the pressing needs of the institutions that do not share in the Permanent University Fund. I also commend Rep. Wilhelmina Delco for her efforts to see that Prairie View A&M University gets a fair share of the Permanent University Fund. However, I cannot vote for this resolution in its current form because it includes an inflation adjustment feature similar to the Highway Cost Index approved in 1977. I do not think this proposal is fiscally responsible, especially considering the state's current budgetary problems. While the \$75 million construction appropriation approved by the House may be too low to meet the needs of the non-PUF schools, the \$125 million figure in this resolution, which could be boosted by an inflation factor, is unnecessarily high and could seriously limit the resources available for other important state programs.
